## SPARKLING

### PETILLANT-NATUREL

*Pét-Nats refer to wines produced in the Méthode Ancestrale, an ancient and natural way of making bubbles, predating the Méthode Champenoise. All sorts of old traditions are employed to create these simpler sparklings, but essentially these wines are bottled before primary fermentation and are finished without the addition of secondary yeasts or sugars.*

2018 'QUARTZ BIANCO' SAUVIGNON BLANC - NO SO2 19 / 43 / 81

*"Shows green apple, faint salted caramel, sweet lemon and honeysuckle fragrance. The palate is tight but shows a juiciness too, more green apple, chalky mineral licks, some tonic water bitter-sweetness and a long, drawn out, tangy-acidity finish that refreshes to the max. A sense of 'precision' too, with its firm edges and dart-shaped thrust through the mouth. Totally great." Mike Bennie*

Larger than life vigneron, Roman Bratasiuk redefined Australia's fine wine landscape when he established Clarendon Hills in 1990. Knocking on the door of a local grape grower, a warm friendship grew from a handshake and harvest season saw him in the vineyard. International critics now consider Clarendon Hills one of the world's greatest wine estates." Clarendon Hills*

*"The inspiration for the Parterre Cabernet Sauvignon is taken from some of the great wines of Bordeaux. The aim is to use a number of techniques to emphasise complexity in a single vineyard wine and to make a wine that allows the fruit to shine; complemented by premium oak, while maintaining great structure and finesse. This is done by the addition of small amounts of Petit Verdot, Merlot and Malbec and the use of a number of different techniques during fermentation of the Cabernet Sauvignon. Our belief is that by doing all this we have made the best wine possible, and that it truly reflects the place in which it is grown." Clive Otto*
